

WATERWAY DUALS Oxford, PA

The two teams went a combined 8-2, losing to the champions and runner-ups.

We represented 5 different states, and 20 different school districts. 11 of them placed or qualified for the state tournament. 5 of the 11, it was their first time.

We were the only organization to have 2 teams at this event.

WE ARE A 100% NON-PROFIT ORGANIZATION
ADDRESSING THE NEEDS OF WRESTLERS.

We want to give wrestlers the same opportunity of every other wrestler no matter of money. Our goal is to operate 100% free.

(Caption: Tyler Erdman 119
PIAA State Champ)

We do not want our wrestlers to have to pay for entrance fees, T-shirts, shorts, singlets and eventually travel for all team events.

We are just starting to look at fundraisers and donations. We have been operating out of our back pockets. We have paid entrance fees, bought clothing/singlets, paid for travel/hotels, and a facility.

1 acre of land has been donated to us below the Dalmatia area. This will be a great location to attract more District 3, 4 and 11 wrestlers. In Our current location in Lewisburg, wrestlers in that area already have plenty of opportunities with Bucknell, Team Go, and Mr. Sees.

THE MATROOM (www.thematroom.com) has been created to give wrestlers and their families an opportunity to become state tournament caliber wrestlers. THE MATROOM is currently partnered with PA Cystic Fibrosis in raising money through a raffle. (www.pacfi.org and www.pacf-transam.com)

Wrestling has become a big money sport. Gone are the days of kids going out for wrestling in 1st grade, following the team program and by just being "tough" making it to the state tournament and perhaps placing. Today's wrestlers are getting the best training money can buy. They see Division I all-Americans as clinicians on a weekly basis, they are using top 10 Division I lifting programs and they are attending big tournaments in multiple states as far away as North Dakota.

Sadly, these teams those kids are being asked to join in the off-season are so big you already have to be a state caliber wrestler just to be asked. Our teams are not all-star teams, we like to build our teams from the ground up and make our kids good wrestlers, our goal is to be able to do this without the kids having to spend any money at all and to give all a positive experience.

We are in the process of building a new facility that will house a wrestling room, weight room, small locker room, and a hang out area for the wrestlers. Land has already been donated. Estimation of expenses: \$60,000 - \$75,000

Events of sponsored MATROOM wrestlers:

Tomahawk League (Shikelamy HS) Spring 2008
NHSCA Duals 140 + teams (Ocean City, Maryland) Memorial Day Weekend
Line Mountain Duals (Herndon, PA) July 12, 2008
Water Way Duals (Oxford, PA) September 2008

Our goal is to raise enough to give wrestlers the experience of going to the biggest event in the nation.
Disney Duals in Florida.

Donation Amounts and what you receive back (1 year)

All donations are tax deductible
