

Week 9 - Summary Games of the Week

Washington 37 - Northeast 0 – It's hard to believe that this was one of my games of the week. Washington proved that without Frankford in the playoffs (due to the use of an ineligible player), the playoffs should be a breeze as they moved on to the District 12 playoffs. Washington will host Lincoln while Northeast will host Gratz in the District 12 opening round.

Dobbins 13 – Germantown 6 – Thanks to the situation with Frankford, both of these teams got a second shot at making the playoffs from the Red Division. With this win, Dobbins moves on and Germantown does not. Dobbins will play Overbrook on Friday in the District 12 quarter finals.

Other Games to See

North Catholic 21 - Archbishop Ryan 16 – The Falcons managed to make the playoffs for the second straight year, which is the first time they've done that in 10 years. Ryan has been eliminated from playoff contention and will play another winless team this week when they travel to Upper Darby to take on Bonner for the battle of the basement.

Neumann-Goretti 7 – Conwell-Egan 6 – Neumann-Goretti had high expectations during the off season. They had steadily progressed over the past 3 seasons and many expected them to make some noise this year in the playoffs. After an abrupt resignation of their coach, the program scrambled to stay together. With this win over Conwell-Egan, Neumann-Goretti will just squeak into the playoffs. And, expectations are much lower now than they were just a few short months ago.
